

Nama Peserta : Dini Puspita Sukma Ariyanti

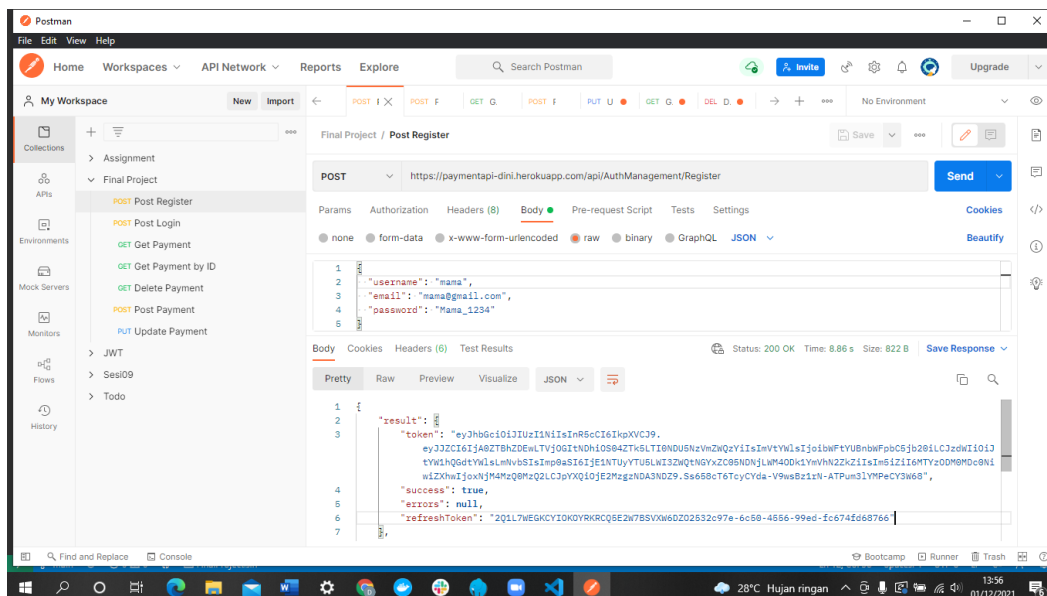

PANDUAN

1. Jika belum memiliki akun, bisa membuat akun baru (Register) dengan memasukan username, email, dan password.
2. Lakukan Login menggunakan email dan password. Setelah melakukan login, user akan mendapat token (untuk mengakses data Payment).
3. Copy token yang didapat ke dalam Authorization setiap ingin melakukan CRUD data payment.
> Bearer {token}

1. Register (Membuat akun baru)

Contoh Input dalam bentuk JSON :

```
{
  "username": "mama",
  "email": "mama@gmail.com",
  "password": "Mama_1234"
}
```

- ## 2. Login

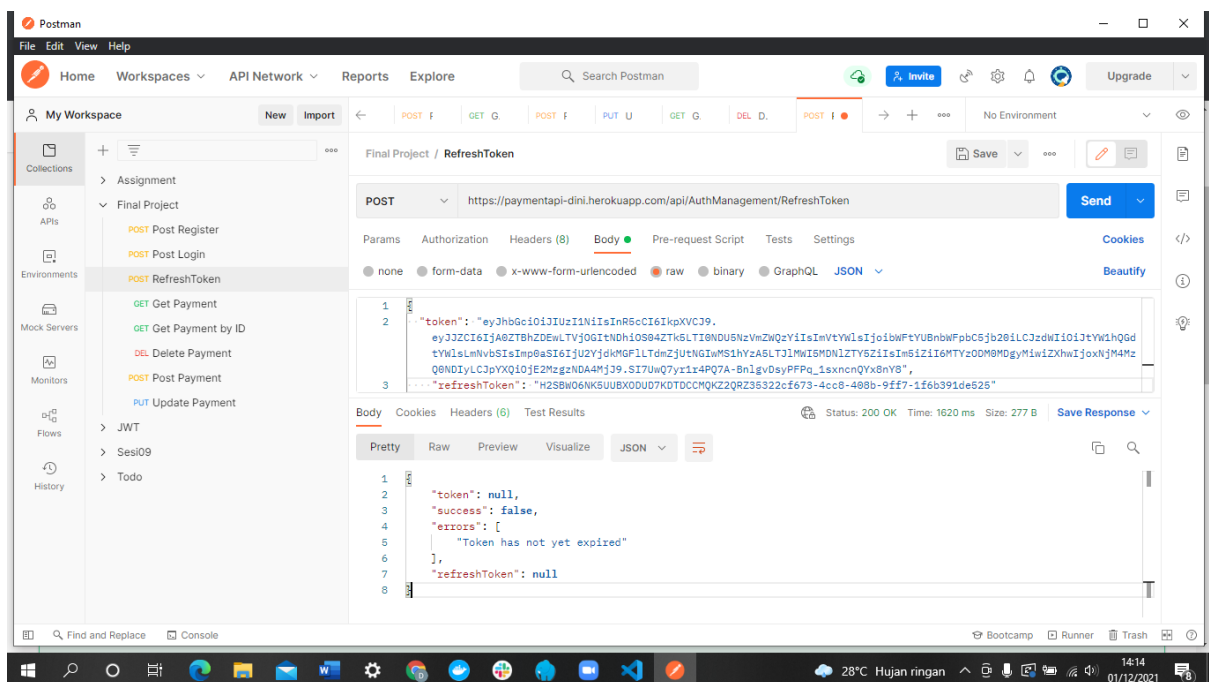

Contoh Input dalam bentuk JSON :

{

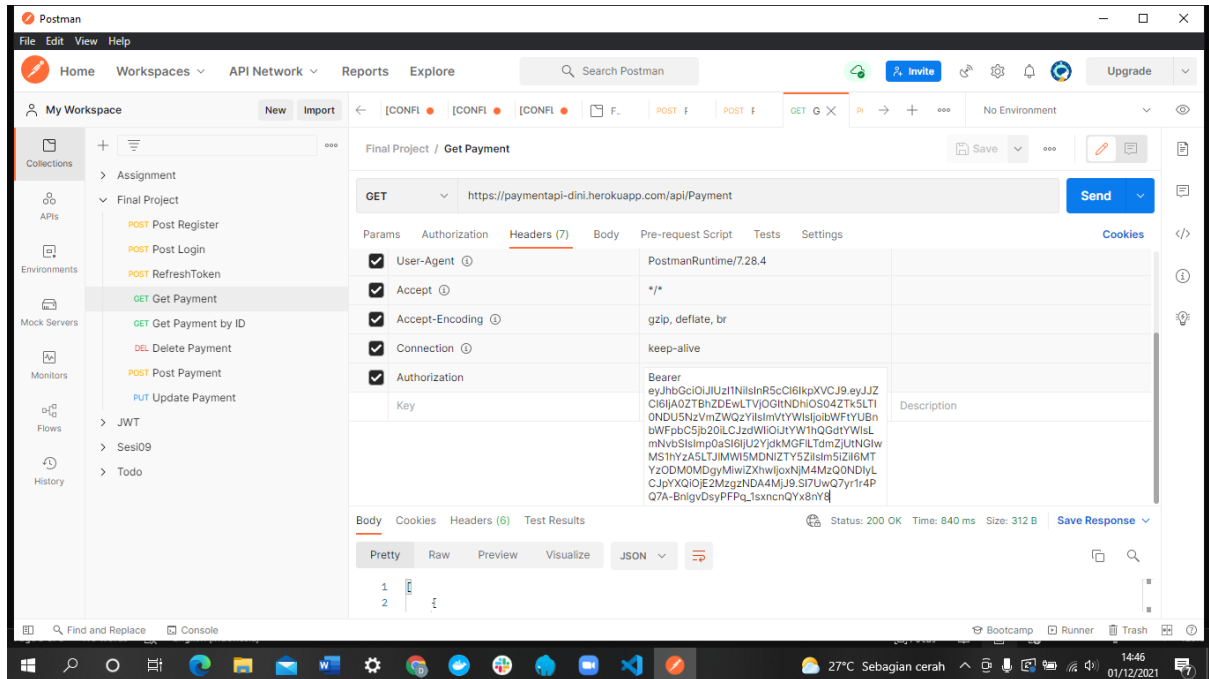

The screenshot shows the Postman interface with a successful POST request to the endpoint `https://paymentapi-diri.herokuapp.com/api/AuthManagementLogin`. The response is displayed in the 'Body' tab, showing a JSON object with a 'result' property containing a 'token' and a 'success' flag. The 'Headers' tab is also visible, showing the 'Content-Type' as 'application/json'.

Link : <https://paymentapi-dini.herokuapp.com/api/AuthManagement/RefreshToken>

```
{
  "token": "eyJhbGciOiJIUzI1NiIsInR5cCI6IkpXVCJ9.eyJZCi6IjA0ZTBhZDEwLTVjOGItNkhiOS04ZTk5LTl0NDU5NzVmZWQzYiIsImVtYWlsIjoibWFTYUBnbWFpbC5jb20iLCJzdWIiOiJtYWlhQGdtYWlsLmNvbSIsImpoASI6IjUyYjdkMGF1LTdmZjUtNGIwMS1hYzA5LTJlMWIwMDNlZTY5ZiIsIm5izi6MTYzODM0MDgyMiwiZXhwIjoxNjMzMzQ0NDIYLCJpYXQiOjE2MzgZnDA4MjJ9.SI7UwQ7yr1r4PQ7A-BnlgvDsyPPFPq_1sxncnQYx8nY8",
  "refreshToken": "H2SBWO6NK5UUBXODUD7KDTDCMQKZ2QRZ35322cf673-4cc8-408b-9ff7-1f6b391de525"
}
```

masukan token (yang didapat setelah login) ke dalam Authorization (pada menu Header) untuk mengakses data Payment.

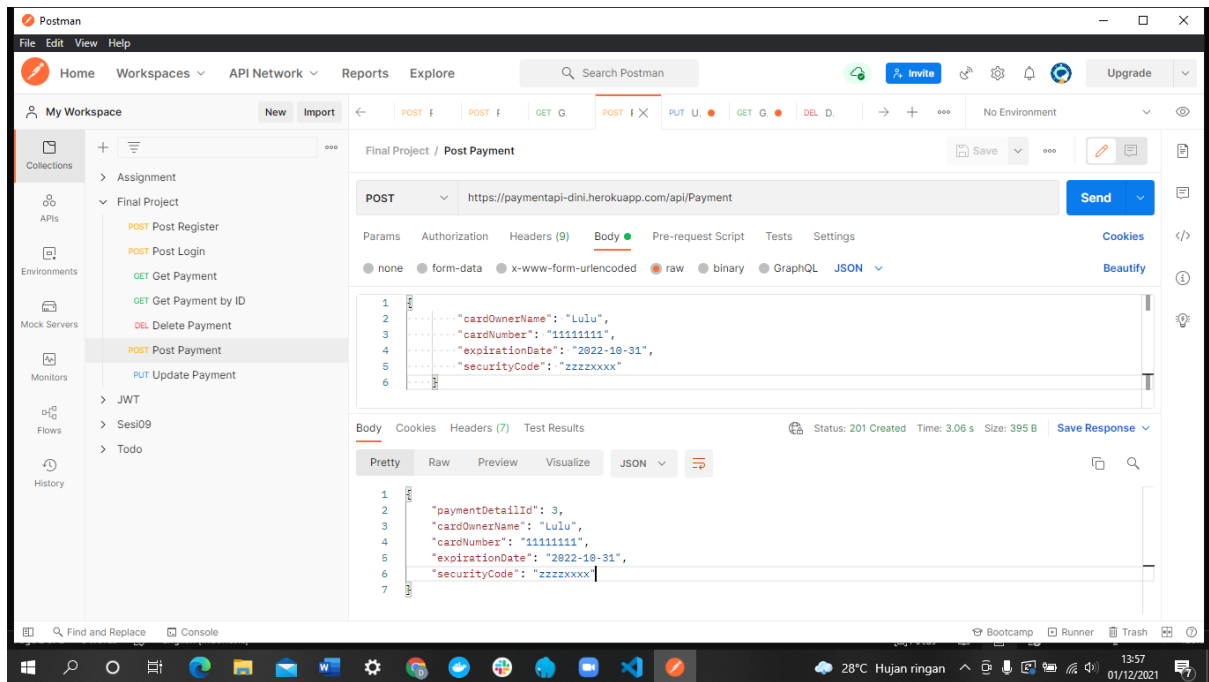

1. Create / Post (Add new Payment)

Link : <https://paymentapi-dini.herokuapp.com/api/Payment>

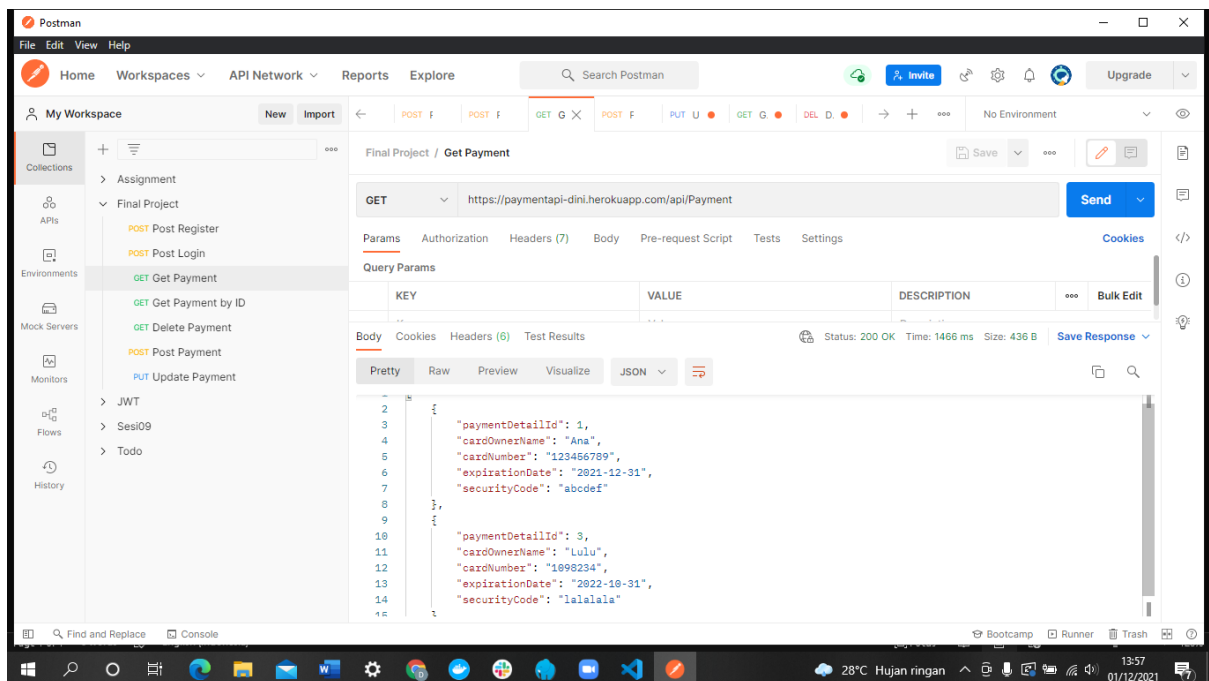

Contoh Input dalam bentuk JSON :

```
{
  "cardOwnerName": "Lulu",
  "cardNumber": "11111111",
  "expirationDate": "2022-10-31",
  "securityCode": "xxxxxxx"
}
```

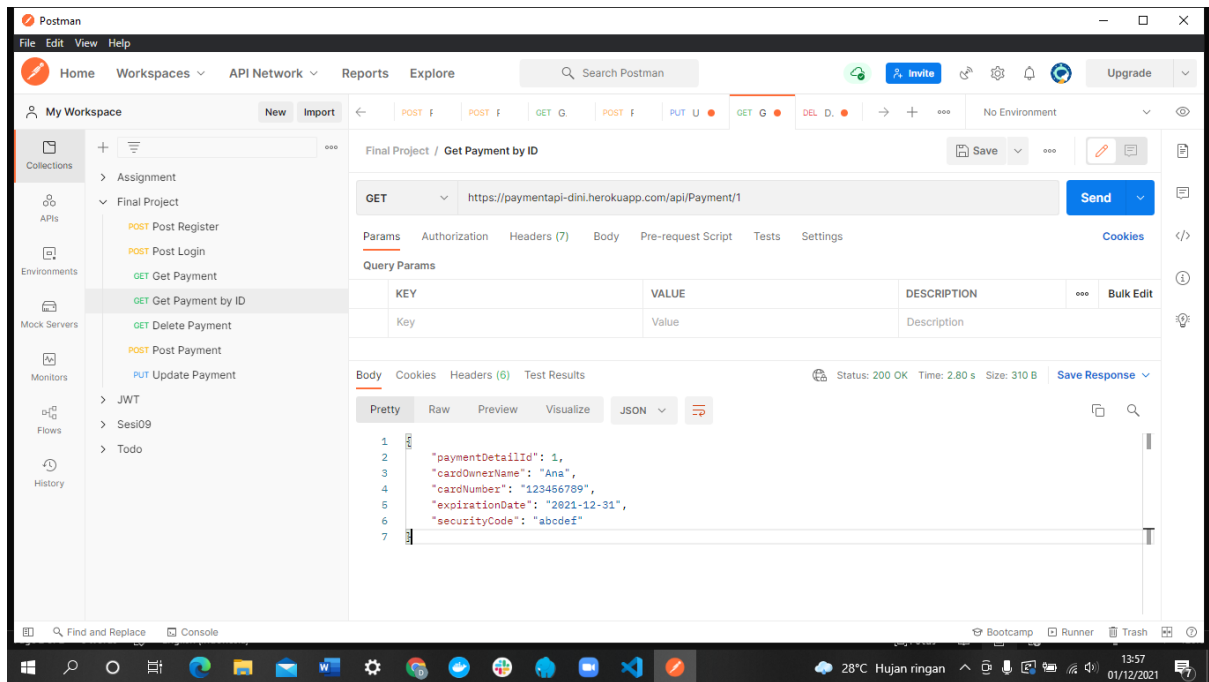

2. Get All Payment

Link : <https://paymentapi-dini.herokuapp.com/api/Payment>

3. Get Payment By ID

Link : <https://paymentapi-dini.herokuapp.com/api/Payment/1>

4. Update Payment

Link : <https://paymentapi-dini.herokuapp.com/api/Payment/3>

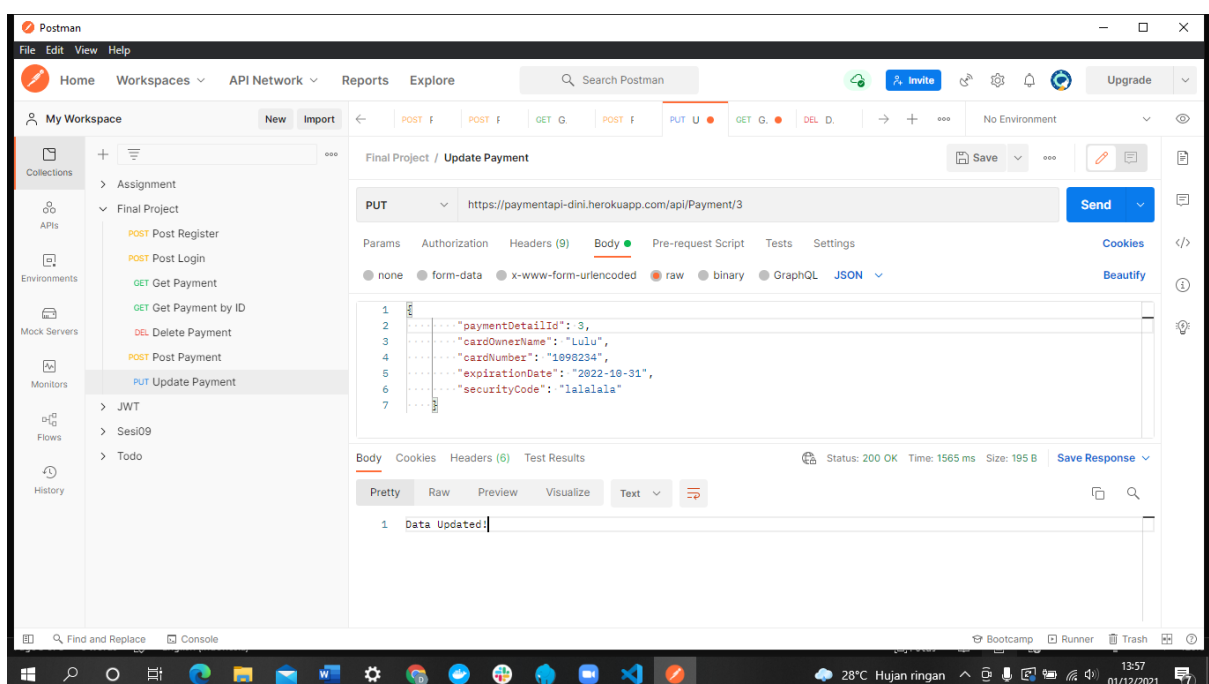

Contoh Input dalam bentuk JSON :

```

{
  "paymentDetailId": 3,
  "cardOwnerName": "Lulu",
  "cardNumber": "11111111",
  "expirationDate": "2022-10-31",
  "securityCode": "zzzzxxxxx"
}

```

Pada gambar dibawah ini akan diupdate payment dengan id 3.

5. Delete Payment

Link : <https://paymentapi-dini.herokuapp.com/api/Payment/3>

Pada gambar dibawah ini akan dihapus payment dengan id 3.
